

Western Dressage is growing throughout the US, and now Canada and Australia are joining in. If you have wondered what Western Dressage is, or the difference between English Dressage, Cowboy Dressage and Western Dressage, come to the March 18th LBHA meeting and listen to a slide presentation by Vivian Mevorah, Northern Vice President of the California Western Dressage Association of America. Hand-outs will be given to those in attendance.

Vivian competed in English Dressage through Intermediaire I at the FEI level, and is now competing in Western Dressage at Third Level, which is the highest level presently offered in Western Dressage. She earned the CAWDA Championship Award for Amateur 3rd Level in 2014. Vivian is planning to compete in 3rd Level Freestyle classes this year.
